

ENVIROSCREEN

High Performance PVC Free Screen

TEXTSTYLE

ENVIROSCREEN

EnviroScreen 2% is a highly reflective, PVC free metallized solar screen fabric. Its ability to reflect 75% of solar heat and control 96% of the sun's glare allows EnviroScreen to provide maximum energy savings as well as visual and thermal comfort.

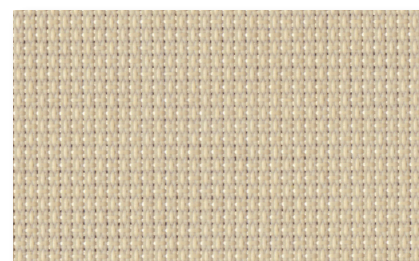

FEATURES

- 74% Solar Heat Reflectivity for superior energy savings
- Cradle to Cradle Certified
- LBC Red List Compliant
- PVC Free and Formaldehyde Free
- Metalized back yields substantial energy savings and comfort
- GREENGUARD Gold and OEKO-TEX Standard 100 certified contributing significantly to obtaining points in green building rating tools such as LEED, Green Star, Breeam, and more
- Flame Retardant
- Versatile - can be used in roller shades and panel track applications
